PARTICIPATION TO EVENTS IN ITALY OF ITALIAN ATHLETES RESIDENT AND REGISTERED ABROAD

The Italian Athletics Federation approved a rule which allows Italian athletes, who are resident and registered abroad, to participate to all events held in Italy, including Championships where a national title is assigned, upon permission of their foreign Federation and of their Club.

In this regard, it is required to the foreign Federation, as well as to the athlete Club, the authorization for the following Italian athlete to attend athletics events held in Italy, on the current year.
